

Basic Firefighter (FFT2) Training Information

The initial course work described below provides the minimum training needed to apply for firefighter type 2 positions; you must also be able to pass a fitness test. Completion of these courses does not qualify you to fight fire— only an NWCG member agency or organization can qualify you and issue a qualification (red) card. **The Michigan Prescribed Fire Council does not issue qualification (red) cards.**

For information about employment, click on [how to become a firefighter](#):

Who can take this training?

The Michigan Prescribed Fire Council can provide this training as an affiliate of NWCG through its members. By registering with MPFC, you will receive the name of a course administrator that will be available to assist you with questions regarding the course work. Registration will open when the Training and Certification Committee determines there is sufficient interest; submit the [Course Interest Form](#) to indicate your interest.

How much does it cost?

There is no cost for the online courses. Registration costs vary depending on the course offered. The cost to act as course administrator, provide Field Day Module for S-130 and NWCG certificates is \$75.00.

Required course work for Firefighter Type 2

Before you can begin...

- 1) Register for a FEMA Student ID: <https://cdp.dhs.gov/femasid/>
- 2) Access to the online training & read instructions carefully: [http:// http://onlinetraining.nwcg.gov/](http://http://onlinetraining.nwcg.gov/) (See "Trouble Shooting Registration" below)
- 3) Have access to a working printer. Save hard copies of the certificates received at the end of the modules and bring them to the field days. **YOU MUST PRESENT COPIES OF ONLINE CERTIFICATES TO RECEIVE FIELD DAY CERTIFICATES.**

S-110 Basic Wildland Fire Orientation

This course is available at (<http://onlinetraining.nwcg.gov/node/168>). It is a video which provides information on personal preparedness and responsibility, mobilization, incident procedures, proper clothing and equipment, and living conditions in wildland fire camps. This course is designed for personnel without previous wildland fire position experience. Additional information about the course can be found in the [Field Manager's Course Guide \(PMS 901-1\)](#).

S-190 Introduction to Wildland Fire Behavior

This course is available online (<http://onlinetraining.nwcg.gov/node/169>) and provides instruction in the primary factors affecting the start and spread of wildfire and recognition of potentially hazardous situations. S-190 is typically taught in conjunction with or prior to S-130 Firefighter Training. The material is broken into three on-line modules. S-190 is a prerequisite to S-130. Additional information about the course can be found in the [Field Manager's Course Guide \(PMS 901-1\)](#).

S-130 Firefighter Training

This course is available online (<http://onlinetraining.nwcg.gov/node/177>) and addresses the foundational skills universal to all wildland firefighters. The material is broken into twelve on-line modules (1 to 3 hours each) and a

mandatory, instructor led field day exercise (Module 13). Each on-line module explains the concepts and skills that will be performed and evaluated on the field day. Module twelve contains optional knowledge areas (pump operations, map and compass, fire investigation and cultural resources) that are useful concepts. Although the title to Module twelve implies that it is optional **it is required** – the concepts are optional paths that you may consider in your firefighter career path. Additional information about the course can be found in the [Field Manager's Course Guide \(PMS 901-1\)](#).

L-180 Human Factors in the Wildland Fire Service

This course is available online (<http://onlinetraining.nwcg.gov/node/163>) exposes students to human performance concepts as part of basic wildland firefighter training. The course is designed for entry-level operational personnel; however, this course also applies to all wildland fire service personnel, including non-operational personnel. Additional information about the course can be found in the [Field Manager's Course Guide \(PMS 901-1\)](#).

Certification

Upon completion of the Field Day, an NWCG certificate will be issued for S-190, S-130 and L-180.
